or bookings@stokedkitchen.uk

It's not about where you are, but how you feel. Are you inspired? Passionate? Ready for a cracking pizza? To us, Stoked Kitchen wood-fired pizza stands for freshness in ideas and flavours. Creativity over mediocrity. That's why we're getting our hands doughy and making our menu special rather than just making it work.

All our food is either homemade or locally sourced wherever possible, using the finest ingredients. Our Menu is filled with some good ol' classics and our chefs have incorporated their unique tastes and characteristics to a variety of pizzas and are constantly creating seasonal specials to keep you all smiling 'and us on our toes!'

Each Pizza is hand made to order & is approximately 12 inches in size.
They take roughly 3 minutes to cook.

Imagine treating your guests to a pizza delivery they will never forget! Not only will **Stoked Kitchen** deliver authentic Italian style wood-fired pizzas to your event, we'll kick it up a notch and cook them in our mobile pizzeria on-site.
